EXFIL® LTP RETENTION SYSTEM

The EXFIL® LTP Retention System uses Team Wendy's patented CAM FIT™ Retention System design. The integrated BOA® Fit System stabilizes the weight of the helmet by distributing pressure evenly around the head. The adjustment straps and chin cup provide a close, comfortable fit to the wearer's face.

COMPATIBILITY

Installs with included hardware into the EXFIL® LTP shell of corresponding size (size 1 or size 2).
