

EXFIL® BALLISTIC IMPACT LINER

The EXFIL® Ballistic Impact Liner contains three (3) hard foam pads covered in coyote brown loop fabric and reduces the risk of head injury due to blunt impacts to the helmet.

COMPATIBILITY

Pads install directly into the EXFIL® Ballistic helmet shell interior by attaching the loop fabric on the back of the pads to the hook discs adhered to the shell surface. The same size impact liner fits in both the Size 1 and Size 2 EXFIL® Ballistic helmet shells.

WEIGHT

- Size 0 0.161 lb (73.1 g)
- Size 1 and Size 2 0.174 lb (78.7 g)

MATERIALS

- Zorbium: Proprietary polyurethane impact and comfort foam also used in the standard issue U.S. Army and Marine Corps 7-Pad System
- Proprietary water-resistant film and loop fabric covering

COLOR

Coyote Brown
